

ECHM Workshop

HBO in Emergency Medicine

24th August 2011 (Wednesday) 9⁰⁰ – 15⁰⁰

Satellite event of the 37th Annual Scientific Meeting of the EUBS, Gdansk, Poland

Chairman: Prof. Daniel Mathieu (France)

09:00 - 09:30 ▶ **What is the level of awareness and education of Emergency physicians concerning HBO?**

Juliusz Jakubaszko (Poland)

09:30 - 10:00 ▶ **How current European Standards for education and training prepare hyperbaric staff to deal with emergency care.**

Wilhelm Welslau (Austria)

10:00 - 10:30 ▶ **How HBO should be integrated in Emergency Department management.**

Erik Jansen (Denmark)

10:30 - 11:00 **COFFEE BREAK**

11:00 – 11:30 ▶ **Rationale for using HBO in burns.**

Peter Germonpre (Belgium)

11:30 - 12:00 ▶ **HBO in the treatment of burns: clinical experience.**

Michal Werner (Poland)

12:00 - 12:30 ▶ **HBO in the management of smoke inhalation.**

Daniel Mathieu (France)

12:30 - 13:30 **LUNCH**

13:30 – 14:00 ▶ **Emergency Management of DCI in remote areas: is there a role for IWR instead of NBO and evacuation to a treatment facility? A risk-benefit analysis.**

Nick Bird (USA)

14:00 - 14:30 ▶ **Acute ischemic ophthalmologic disorders.**

Jordi Desola (Spain)

14:30 - 15:00 ▶ **General discussion**

Go to the www.ECHM.org or www.EUBS2011.org for registration. Registration is free, but number of places is limited!

“The goals of the ECHM are to study and define common indications for hyperbaric therapy, research and therapy protocols, common standards for therapeutics and technical procedures, equipment and personnel, cost-benefit and cost-effectiveness criteria, to act as representative body with European health authorities, and to promote cooperation among scientific organizations involved in Diving and Hyperbaric Medicine.”

Workshop faculty

Prof. Juliusz Jakubaszko, MD, PhD
Chair of Emergency Medicine, Medical University, Wroclaw, Poland
President of the Polish Society for Emergency Medicine

Dr. Wilhelm Welslau, MD
President of the German Society for Diving and Hyperbaric Medicine (www.gtuem.org)
Wien, Austria

Dr. Erik C. Jansen, MD, DMSc,
Chief of Hyperbaric Treatment Unit, Department of Anaesthesia, Centre of Head and Orthopaedics,
Rigshospitalet Copenhagen University Hospital, Denmark

Dr. Peter Germonpre, MD, PhD
Head of the Center for Hyperbaric Oxygen Therapy, Military Hospital Queen Astrid Brussels, Belgium
President of the European Underwater and Baromedical Society (EUBS)

Dr. Michal Werner, MD
Center for Hyperbaric Medicine
Burn Treatment Center, Siemianowice Slaskie, Poland

Prof. Daniel Mathieu, MD, PhD
Professor and Chief Réanimation Médicale, Hôpital Calmette, Lille, France
President of the European Committee for Hyperbaric Medicine (ECHM)

Dr. Nick Bird, MD
Chief Executive Officer
Chief Medical Officer Divers Alert Network, USA

Prof. Jordi Desola, MD, PhD
Professor of Hyperbaric Medicine in the University of Barcelona
Head of CRIS-UTH The Hyperbaric Therapy Unit of Barcelona, Hospital "Moisés Broggi", Barcelona, Spain
